Smartphone App as Access Credential Loaded with Powerful Features

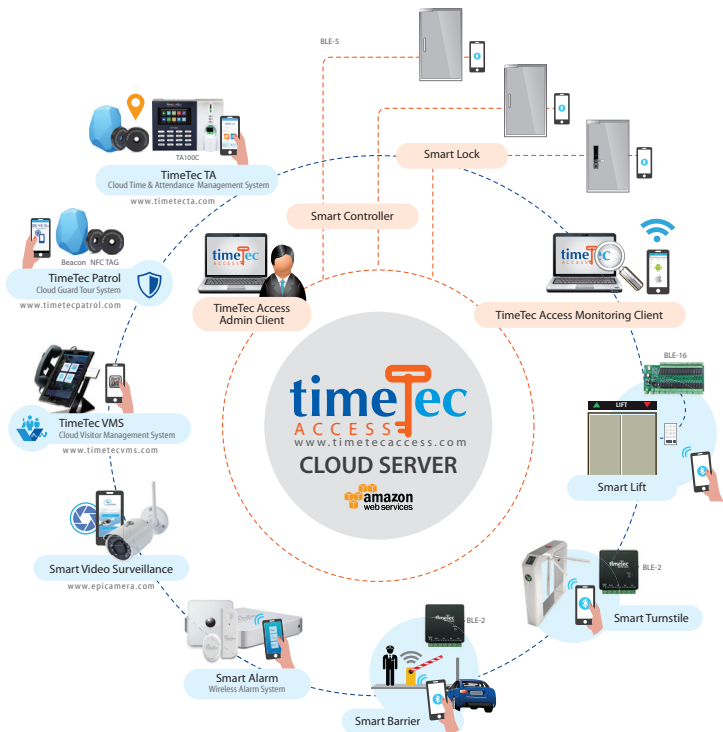

Get Smart Access App from App Store or Google Play, and manage your access control with renewed confidence

Benefits of TimeTec Access

- Fast and easy system deployment • Minimize burden on IT and support staff • Low upfront capital investment for an effective system
- Predictable monthly payments for effective financial planning • Multi-branch management made easy • Accessible via Internet anytime, anywhere
- Free & regular software updates • Optimal uptime and system reliability • Reduce IT maintenance and upgrade costs
- Unlimited worldwide support from our global partner network
- High reliability with over 15 years experience in access control system development and industry
- Secure, redundant and environmentally conscious data center

System & Data Management

- Offer easy and automatic daily full system data backup and simplified full system recovery
- User selectable ODBC compatible database is used to meet the enterprise level requirements, e.g. MySQL
- Supports different levels of user privilege settings
- Effective approval system
- Certification of ISO/IEC 27001:2013 Information Security Management System (ISMS)
- Covered by TimeTec Service Level Agreement (SLA)

- ✓ Complete Automation
- ✓ High Quality Information
- ✓ Measurable ROI
- ✓ Exceed Expectations

User Management

Create user profiles and fill in the required information. Assign Managers or Supervisors as Admins to manage their respective divisions.

- User Information
- Multi Layered Organization
- Flexible Access Rights

Door & Access Management

Create listing of doors and Bluetooth smart controllers, along with their access rules to secure your premises. Assign users into different groups and determine each group access rights.

Update & Analysis

Receive push notification on your mobile TimeTec Access app about your doors' activities. Login to the web to have a full view of users who access your doors and their doors' activities.

Reporting

Be in the know of all your access data for a more safe & secure environment.

- Preconfigured Reports
- Multiple Filters Option
- Save in Various Formats
- Printable
