Achieve Security &
Hospitality At the Frontline

Reception Tablet Panel

TimeTec VMS Reception Module &
Samsung Galaxy Tab 10.1

Don't compromise hospitality in the name of security. Obtain them both with the Reception Tablet Panel. The panel comes complete with a Samsung Galaxy Tab 10.1 for receptionists to access to an effective TimeTec VMS App, an easy to use DIY tablet and a phone receiver connected to the whole system, to better improve the overall reception operation.

QR Scanning for Pre-Registered Visitors
Scan the QR code via the tablet and verify the identity of the visitor in split seconds upon arrival.

Visitor Listing & Monitoring
Receptionists are able to monitor daily visitor movements when all information is accessible in real time.

DIY Tablet Stand
The tablet panel comes with a DIY table stand and a phone receiver that can be mounted on a table for better reception operation.

Duress Alert
In cases of duress, the admin or receptionist can send notification via the panel to the on-premise visitors for evacuation.

Embedded OCR Module for Walk-in Visitors
The OCR module speeds up Walk-in Visitor Registration by extracting relevant and important information from the identification provided i.e ID card/driving license.
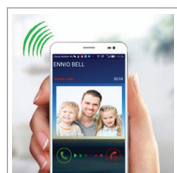

Secured by Samsung Knox
Don't worry about the receptionist accessing other Apps during duty time because Samsung Knox only allows access to TimeTec VMS App.

In App Intercom
Receptionists can contact tenants and vice versa through the In-App Intercom in TimeTec VMS App. Contact numbers of the tenants will remain concealed and protected for security and privacy purposes.

Multilingual
TimeTec VMS App is available in various languages and receptionists can choose to use their native language for better operation i.e. Nepalese, Malay, Chinese, Indonesia, Spanish, Arabic and etc.
