

TABLET STAND

A Perfect Match

i-Neighbour's Tablet Stand is specially designed to house the Samsung Galaxy Tab 10.1 Android Tablet that is used to handle Visitor Management at the guard house. The Stand is made up of Acrylic, built to hold the tablet at its best position as well as provides a side arm to cradle the phone receiver. A back plate or ID Card Holder is also attached to its body with an angle perfect for the OCR (a feature provided by i-Neighbour Visitor Management module) to capture the images. For a more stable position, it is advisable to Adhere the Tablet Stand onto the guard house table.
