Multiply Your Value with The TA100C

TA100C

Move to the modern era of time attendance with the TA100C biometric device. With a systematic method of data collection, all your staff will have to do is scan their fingerprint and presto! – your attendance record for the day has been taken care of. The eye-catching full colour TFT screen enhances the hi-tech look of the machine, and compliments the overall look of any office environment. The TA100C also has an option for you to upgrade your device with a touch screen (TA100TC), to accept card verification (TA100CR) or with both touch screen and card verification (TA100TCR) to provide you with ample of variety.

USB Data Management
With the TA100C, data syncing is so simple. Just plug & play your USB flashdisk and you're ready to go!

Built-In Siren
Signal the change of shifts or break times with the built-in and customizable siren.

Colour Screen
Simply because life is not all black & white. Treat your eyes to the visually stimulating full colour screen!

Workcodes
Let your staff experience the ease of reporting their activity by simply punching in a set of pre-set codes into the TA100C.

Curb Buddy Punching
Don't put up with tardiness! Biometric devices prevent employees from punching in for one another so you get an accurate attendance record.

Short Message Display
Let your staff feel at home by personalizing a short message to be displayed at the terminal when they verify.

Easy Management
The TCMS V2 software that is bundled with all our FingerTec biometric devices makes it easy to sort and manage the attendance records.

User-Friendly Icons
Complete with configuration icons, the interface in the TA100C couldn't be more user-friendly.
