VERIFICATION MODE

 Status bar to indicate the quality of the captured image; the higher the number, the better the image. 2. Displays the image of user captured during verification. Adjust your position so your face appears in the box.

SUCCESSFUL VERIFICATION MODE

The system will display your photo, user ID and name after verifying your identity.

Quick Start Guide

The Quick Start Guide is intended to provide the user with simple instructions on how to setup the terminal date/time and communication as well as to perform face enrollment and verification. For more details on other topics of terminal management, refer to the terminal's hardware user manual available in the package or online at

http://info.fingertec.com/faceid2-4E800

1 Setting the Date and Time

- 1. Press Menu > System > Date/Time and set the value.
- 2. You have two options for time format, 12-hour format or 24-hour format.

2 Enrolling Face

Refer to hardware user manual.

- 1. Press Menu > User > Add.
- 2. Enter your User ID and select Face.
- Follow the instructions on the screen to enroll your face.
- 4. Once the enrollment process is done, select the suitable Privilege level, and press Save.

3 Communication Settings

To input the IP address: Press Menu > Connection > TCP/IP > Key in IP address.

To input Subnet mask: Press Menu > Connection > Sub NetMask > Insert the numbers.

To input Gateway: Press Menu > Connection > Gateway > Insert the numbers.

Software Roadmap

1

Installation

The FingerTec Ingress software installer is available in a DVD that comes with all FingerTec terminals. Complete the installation.

2

Online Activation

Use the terminal's serial number to activate your software online. Contact your local reseller or support@fingertec.com if you require offline software activation.

3 System Overview

User's Management

Add, delete, edit and manage user information and transaction logs.
