

Improve Automation
Enhance Security
Reduce Operating Cost

Enhance Visitor Management System with Video Call Visitor Self-Service Panel

Speak directly to a visitor in real-time via Video Call App

Visitor and owner can communicate using face-to-face or face-to-voice mode

Replace the expensive and outdated intercom system

Offer visitors with self-service Visitor Management panel/kiosk

Cut operating cost by reducing the need for manpower (guard)

All visits are authorized by tenants complete with audit trail records

Visual proof of visitors is recorded for security reference

Integrate and interact with i-Vizit Guard Panel for Visitor Access Control automation

Integrate with i-Vizit to reduce visitor waiting time

Can work with TimeTec BLE-2 for barrier gate and door access

Apply to pre registered or walk-in visitors in fully or semi-automated environment

i-Comm tablet comes with DIY desktop panel
